

# NEW PRODUCT ALERT!

PEI has developed a web-based Applicant Management System that integrates with a customizable Online Employment Application.

The PEI Applicant Management System allows you to streamline the entire hiring process from the initial application to the final hiring decision.

This system is built for small to medium-sized companies looking to save time and money in the hiring process, while improving the overall quality of its employees.

## Online Employment Application

- Save time and attract more candidates
- Created with a look and feel similar to your website
- Uses the latest web technologies
- Fully customizable
- Identify tax credit eligibility
- Collect required EEOC data
- Complete state-by-state compliance regarding credit and criminal records checks
- Built in screening questions
- Follow up questions generated based on applicant's answers
- Set rejection criteria
- Password re-entry
- Applications emailed and stored in management database

## Applicant Management System

- Manage applicant data efficiently
- Easy click-and-view interface
- One central website to access applications, PEP, and other screening benchmarks
- Order background checks, drug tests, and other pre-employment services directly from the system
- Color coded benchmarks to quickly show the applicant's status
- Easily search and sort through all applicants
- Assign access rights to only the appropriate personnel
- District Managers can instantly access applicant data from multiple locations
- Customizable hiring parameters
- Open and close positions
- Easily export data to other applications
